Summer First Nation

ACCOUNTS PAYABLE

Version 8 *Preserves…*
- Our clients investment in server hardware
- Reliable, secure central database platform
- Integrated suite of applications
- Fast transaction data entry
- Highest level of security
- No loss of existing data to convert

Version 8 *Adds…*
- Automation with the use of event triggers
- Seamless data transfer to MS/Office tools
- Multiple Report output options including PDF formats
- Faster, more intuitive menu navigation & mouse support
- Powerful, new report designer for simplified custom reporting
- On screen report viewer with added color printer support
- Additional Third Party software interface options
- A total First Nation information system, ...not just an accounting system
- Centralized Document Management option
- much, much more....

It all adds up to getting more from current technology, without sacrificing your investment to date…

Xyntax has been dedicated exclusively to the financial and administrative needs of First Nations for 25 years, and we're pleased to announce our new **Version 8** that better equips First Nations to manage these needs.

The Best of Both Worlds

For years, our clients have known the benefits of faster data entry on Xyntax character based screens.
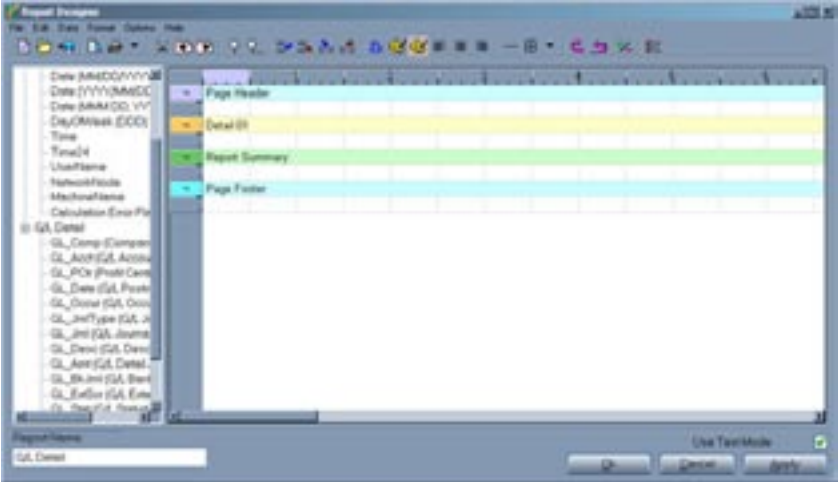

Version 8 for 2009 builds on the strengths that we've refined over the past quarter century with a new set of tools that delivers greater flexibility and ease of use to management as well as data entry staff.

• General Ledger • Financial Reporting • Accounts Payable • Accounts Receivable• Community Database • Social Assistance • Payroll • Purchase Order
• Query/Report Writer • Cheque Printing/Electronic Funds Xfer/Prepaid MasterCard• Automatic Management Alerts • Third party software interface • Document Management
• Support… Above All

… all within an integrated, secure, central database architecture
